

Mastering Wealth offers a number of courses throughout the year. Our courses cater for all levels of experience whether you are brand new to trading or have been trading for years; there is something there for everyone.

MW 2 Day Stock & Options Course

The *Mastering Wealth 2 Day Stock & Options Course* is a highly informative and interactive introduction to Stock and Options Trading taught by experienced and professional Options Traders. This course is ideal for someone who is either brand new to Options Trading or has been trading for less than 12-18 months and is still mastering the basics of Stock and Options Trading. At this Course, you will discover innovative strategies that will take the mystery and complexity out of the world of Options Trading, by breaking down key concepts into easily digestible pieces.

When you register for the *Mastering Wealth 2 Day Stock & Options Course*, in addition to receiving a detailed manual and unlimited re-attendance; you will automatically receive a **free six month subscription** to our very successful *MW Spread Series Market Report Service*, valued over \$595.

This course is totally unlike other courses. We don't just present the information; we focus on **you** learning it. This ensures that **you** will have the confidence and skills to immediately put into practice the awesome income producing and high return strategies you will learn.

MW 3 Day Option Strategies Course

If you have already attended the *Mastering Wealth 2 Day Stock & Options Course*, then the *3 Day Option Strategies Course* is a natural progression to continue your Trading educational journey. This action-packed seminar bundles three full days of Trading and education into one incredible event. Best of all, you will benefit by the unique opportunity to learn new, high-level Trading strategies from the Mastering Wealth Team of Instructors. This is truly the ideal occasion for you to learn new Trading tactics, beef up your Trading arsenal and strengthen the knowledge you have gained at prior Mastering Wealth Courses.

When you register for the *Mastering Wealth 3 Day Option Strategies Course*, in addition to receiving a detailed manual and discounted re-attendance; you will automatically receive three **free six month subscriptions** to the *Market Report Services of your choice*, valued over \$1,785.

At this seminar, you will further develop your knowledge and understanding of the following Trading Strategies that will allow you to profit in all market conditions: *Directional Trading; Covered Calls; Collars; Iron Condors; Calendar Spreads; Debit and Credit Spreads and much, much more.*

PLUS, real-world TRADING SIMULATIONS to provide practical experience and give you the confidence to Trade tested and proven strategies immediately following the course!

MW 3 Day Advanced Options Trading Course

If you have already attended the *Mastering Wealth 3 Day Option Strategies Course*, the *3 Day Advanced Options Trading Course* is the next step towards starting your career as a full-time Trader or even Professional Trader as you learn strategies and techniques used by Professional Traders every day.

At this *Advanced Options Trading Course* you will learn Advanced Option Strategies including Butterflies, Skewed Butterflies, Ratio Back-Spreads and Double Diagonals. Most importantly, you learn the how, why and when to adjust your Option positions and how you can turn losing trades into extremely profitable Trades by utilising these techniques. In addition to this, you will learn Advanced Technical Analysis skills including advanced candlestick patterns and how to read and use some of the most effective indicators available.

You will learn to truly appreciate the importance of Volatility in your Trading and how Professional Traders take advantage of Volatility fluctuations to make incredible profits. You will also learn how to take the Greek out of "The Greeks" and how to increase the probability of success in your Trading adopting wise, disciplined decisions in any Trading situation.

As an attendee you will complete real-world TRADING SIMULATIONS to provide practical experience and give you the confidence to Trade tested and proven strategies immediately following the course!
